MOKENA VETS PLAN MANY EVENTS

Many Problems
Aired at Village
Board Meeting

The village board meeting at Mokena held Tuesday evening was a well conducted, business-like affair with many village problems discussed.

Walter Muehler was present and complained about the abuse of the village water service. He stated he installed a new water meter at a cost of \$17 and was glad to do so and to pay for all the village water he uses, but he stated that all citizens of the village should do the same, pay for the village water which they use. It was brought out in the meeting that there are quite a number of water meters out of order and whose rates have to be adjusted, while others pay in excess of that because they pay for the water only that their meter registers. It was also reported that there are some village water users who do not have a meter at all, and they are enjoying the minimum \$10 year rate.

It is thought this is not fair nor a help to our village to have such people use the water and get by without paying their just part. Mokena has the cheapest water rate of any village in this area, and its citizens should pay for what they use. It was brought out that those whose water meters are not working should get a new meter the same as did Mr. Muehler, that this is the honorable way, to pay for the village water which they use.

The taverns of the village had lodged a complaint, requesting the village to reduce their license fee which is now \$500 a year, and make it in line with those fees in nearby communities. Tavern licenses were raised some time ago from \$300 to \$500 a year, and the hours of closing were set at 1 a. m. on week days and 3 a. m. on Sundays. John Scarth stated that in respect to the churches in the village, the taverns should adhere to the Sunday morning closing law, to which all the board members agreed.

Village Attorney Schenk stated that the firm which is auditing the village books reported that the village is in good shape, and that there are not many villages with such a good record.

Mr. Schenk reported the estimate cost of the engineers to make the survey of plans and specifications for the sanitary drainage system: the storm drainage system and the water main extension would be \$500 for each project.

The attorney was instructed to secure more information on the new law recently passed whereby villages are to maintain state and county roads that are in the village limits.

Many favorable reports were received by Harold Miller village treasurer, since water bills can now be paid at the Boleman drug store.

Joseph Majher was present and complained about water on his lot at 194th and Wolf road. Mr. Majher claims to have purchased this lot five years ago and intended to build a house on it this fall, but because of the water drainage, he is delayed. The tile which is going through his lot is one that was laid on the Hirsch farm by the Hirsch family years ago and into which some of Mokena water is drained. A tile was recently broken there by road grading which the village replaced. Mr. Majher claims there is more water there than formerly and it will be investigated. Also complaints were made of trucks being parked on village streets all night without any lights, and on the wrong side of the streets.

The board plans to make the sidewalk in front of the post office a zone for five minute parking and at the drug store during business hours. Also there will be a no-parking area for one car's length directly at the corner of the drug store, as this is a blind corner when coming from the south.

The parking of the mail delivery truck was discussed and it was brought out that the mail truck by backing out the sidewalk at the post office, extends into the street and is a hazardous thing during business hours when traffic is heavy at that point.

POTTED PLANT AND
HOME BAKE SALE

The Women's Society of Christian Service of the Mokena Methodist church will sponsor a potted plant and bake sale Saturday afternoon, October 13 starting at 2 o'clock in the Cooper & Hostert garage.

Wants News of Boys
With Armed Forces

Mrs. John A. Burlingame, of New Lenox, has been sending a monthly letter to each of the boys from New Lenox who are in the armed forces. This is being done under the auspices of the Holy Name society of St. Jude's church. She now has 17 names on her mailing list, but is wondering if she has them all. To make sure the list is complete, she requests that New Lenox readers get in touch with her if they know anyone in the services who would like to receive a monthly letter.

Mrs. Burlingame would also be grateful to receive any news of the boys which could be included in this monthly letter. Her telephone number is 3241, her address, Box 284, New Lenox.

VOTE \$30,000
TO MODERNIZE
HAVEN SCHOOL

In the election held in New Lenox Saturday at the Haven school, a bond issue of \$30,000 was voted for funds to repair and modernize the Haven school.

Altho the issue of \$30,000 was voted the board will not spend any more than is absolutely necessary.

Important repairs include a new chimney and repair of masonry thru-out the building. Repair of washroom facilities and principle points on the modernization program include the installation of fluorescent lights and acoustic treatment in classrooms and corridors.

These bonds will actually be added to the end of the present series which will be paid off (about) in 1967. This should not cause much increase in tax rates.

In the 142 votes cast 101 voted for the issue, 40 against and 1 spoiled ballot.

Fire Damages Farm
Home on Route 30

A fire of unknown origin gutted a two story frame house on route 30, about a half mile west of a Wolf road, early Sunday morning. Firemen from Frankfort, New Lenox and Mokena worked nearly three hours to get it under control and while they were able to save the building, the interior was completely gutted. It was, however, almost without furnishings.

The house, which was owned by Ray Warning of Frankfort, has been vacant for several weeks. The blaze was noticed by a passing motorist about 1:30 a. m. who notified New Lenox authorities, who in turn called neighboring fire departments.

The home, which had been leased by August Poli, from Warning, was raided early in September by sheriff's deputies, on the charge that it was a house of ill repute. Warning terminated the lease after Poli's arrest.

A very enjoyable day was spent last Sunday at Starved Rock by members of Darrell Manhart's Sunday school class of the Mokena Methodist church. Mr. Manhart drove them there in the morning.

After dinner, the class listened to the Sunday school lesson, out of doors. The weather was made to order for the occasion.

The lesson concluded, the party made a trip up the river in an excursion boat and enjoyed seeing all the points of historic interest.

Bar-B-Q Luncheon at
New Lenox Oct. 11

A Bar-B-Q luncheon given by the Band Parents association of New Lenox will be served in the Haven public school Thursday, October 11 starting at 11:30 a.m. and continue until all are served.

These luncheons will be given the second and fourth Thursdays of each month during the school year.

The menu for this next luncheon will consist of two Bar-B-Q's on buns, potato chips, pickles, chocolate milk and cookies.

Everyone is welcome to attend these luncheons, which are given to raise money with which to buy uniforms for the band members.

William Martin Post No. 725 VFW of Mokena, will sponsor a square dance Saturday evening, October 6, which will be held in the VFW hall in Mokena. This is the second of a series of square dances to be held the first Saturday of each month, and to be continued throughout the winter, if successful. Everyone is invited to attend, and can expect to have a wonderful time.

In order to raise a fund for Christmas gifts to be sent to all service men in this locality, Post No. 725 VFW will give a masquerade ball Saturday evening, October 27, to which everyone is invited. Anyone who knows of service men in this locality is urged to notify Commander Adam Schneider, whose address is New Lenox, or Arrian C. Yunker, post adjutant at Mokena so that gifts can be sent to everyone, and no service man is likely to be left out.

When calling in, please be sure to have accurate information and to give full name and address so the Christmas gifts can be forwarded without fear of loss. Gifts will be sent to all those who are now serving or who have served recently, in this Korean war, in Korea, or in European countries, or at other stations. It will include also men who have returned home from this current war, or who are now on furlough.

Post No. 725 would also like to know how the people feel about having a game night once a week during the winter months. The games to be played would be the usual ones for occasions of this kind. However before proceeding with this plan, the Post would like to have a cross-section of opinion as to how many might be expected to attend these games. If there is sufficient response to warrant it, they will proceed with their plans and arrange to have a game night once a week during the coming months. Call Mokena 2102 and tell what you think about game night.

Neithammer Home
Hit by Lightning

During a recent storm Mrs. Hugo Neithammer Mokena, was sitting in her living room, when the lightning flashed brilliantly, followed by a tremendous blast, which sounded to her like a bomb detonated right in the room. However, as there seemed to have been no effect, Mrs. Neithammer thought no more of it.

That evening she explained the incident to her husband, and he thought he would investigate, just in case. The lights went on and everything else seemed O. K., but the radio would not work. Something wrong somewhere. So Mr. Neithammer began investigating in earnest.

He found a two-inch hole in the wall behind the radio where evidently the lightning had struck. It must have hit the radio cord and traveled to the wall where it hit a nail and blew the nail and a board off and then continued on to a downspout outdoors.

Fortunately for the Neithammers, it was a "cold stroke", but Mrs. Neithammer is certain that it came close enough.

Tired Shade Trees Respond Nicely To Autumn Snack

Some trees get so depleted after a hot, enervating Summer that they shed their leaves weeks before their stronger cousins. If the foliage drop is super-heavy while others of the species keep their leafy mantles, chances are your tree could stand some extra vitamins.

Lawn trees are grateful for Fall feeding. According to Urban L. Throm, field representative of the Davey Tree Expert Co., the main purpose of offering the late seasonal hors d'oeuvres to tree friends is to help them store up energy for next growing season.

This is what happens when our landscape inhabitants enjoy the late seasonal snack of a special tree food high in nitrogen content: Root growth is stimu-

lated. Naturally, growing-vigor gains by this. In addition, the more efficient and enlarged root system enables the roots to absorb whatever moisture there is in the soil. Therefore, there's less likelihood of minor drought seriously affecting arboreal health.

Tree food is also excellent for your lawn because of its high nitrogen content. On the other hand, don't settle for just a lawn fertilizer and feel it will do for your shade trees, as well. Feeding roots reach down deep. Your lawn will gulp the nutrients and little, if any, will get to the root system.

MILLIONS have read about, heard about HALOLIGHT, The Frame of Light for Viewing Comfort. It is in the leading models of the Sylvania Golden Jubilee line of TV sets. Here are the questions people have asked—and the answers.

What is HALOLIGHT?

It is a border of soft, cool light that frames your television picture.

What does HALOLIGHT do?

It reduces the sharp contrast between your brilliant TV screen and its darker surroundings.

Why is this an improvement?

Because it makes viewing pleasanter over longer periods.

Does HALOLIGHT affect the picture?

Yes, it actually makes the picture look clearer—makes it seem larger.

Is HALOLIGHT just an added feature?

No, it is built right into the Sylvania TV set—an improvement of dramatic importance.

The Madison . . . Sylvania 20" Mahogany DeLuxe Console. Movie-Clear* picture, Studio-Clear* sound. Non-glare, wide-angle viewing. Period cabinet of choice mahogany veneer or modern blond.

HALOLIGHT comes in the leading models of the Sylvania great new Golden Jubilee line of TV receivers—every one of which has the famous Sylvania features—Movie-Clear* screen, Studio-Clear* sound, automatic "Triple-Lock" and a host of other features from this 50-year-old leader in lighting and electronic research.

Timely Tips

You homemakers who wail of the woes of spots and stains will ease your worries if you will bear two things in mind—remove them as soon as possible and be sure you use the right solution for the particular type of stain. Here are a few:

For coffee, tea or fruit stains on linens, from a height of two or three feet pour boiling hot water on the stained fabric which is held taut with a rubber band over a bowl.

Sponge iodine stains with a solution of one cup of denatured alcohol to two cups of warm water.

Ink spots should, if possible, be removed immediately that they occur. Spread an absorbent, such as corn meal or flour, on the spot and work it around, brushing it off as it becomes soiled. Repeat until no more ink is absorbed. Then make a paste of water and the absorbent and apply it to the stain. When dry, brush it off.

OUR DEMOCRACY—by Mat

PRIDE in the JOB

LABOR DAY IS A DAY WHEN ALL OF US WHO WORK WITH HAND AND BRAIN CAN DRAW SATISFACTION FROM THE DIGNITY, FREEDOM AND REWARDS THAT GO WITH A JOB IN OUR DEMOCRACY

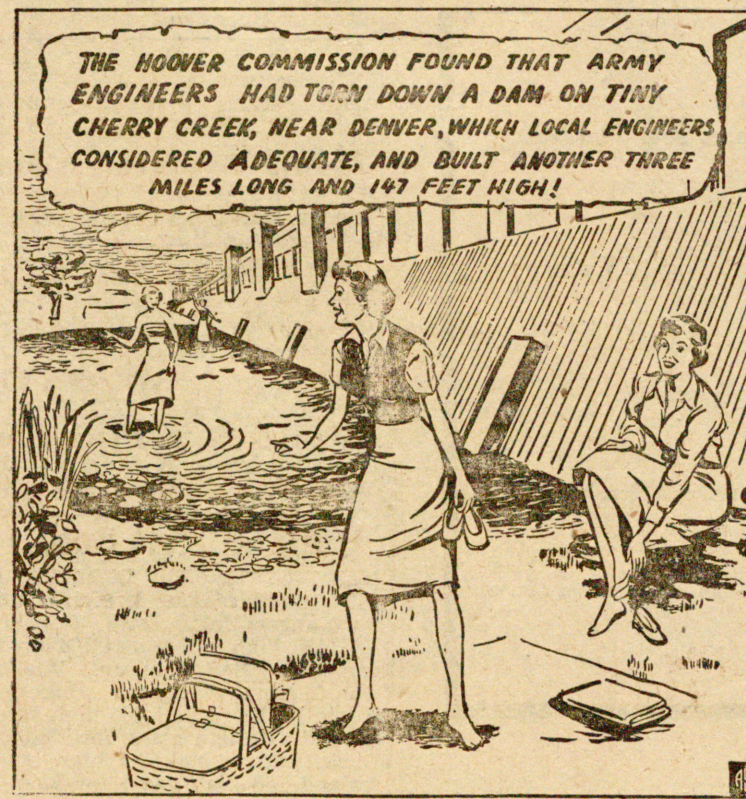

WE CAN RIGHTLY TAKE PRIDE IN AN UNRIVALLED JOB OF PRODUCTION—AND IN THE STANDARD OF LIVING WHICH OUR PRODUCTIVE POWER HAS MADE POSSIBLE.

AND WE CAN BE PROUD TOO, OF THE THRIFT WITH WHICH WE HAVE USED OUR EARNINGS TO MAKE THE MIGHTY TOTAL OF INDIVIDUAL SAVINGS THAT FORMS THE FINANCIAL BACKBONE OF THE INDUSTRIES THAT SERVE THE NATION.

Dollars Over the Dam?

THE HOOVER COMMISSION FOUND THAT ARMY ENGINEERS HAD TORN DOWN A DAM ON TINY CHERRY CREEK, NEAR DENVER, WHICH LOCAL ENGINEERS CONSIDERED ADEQUATE, AND BUILT ANOTHER THREE MILES LONG AND 167 FEET HIGH!

There never was a time when the nation could afford such waste. Today, it simply can't squander men and materials on the "pork barrel". The bi-partisan Hoover Commission—created by unanimous vote of Congress—found two gigantic federal agencies competing recklessly for federal funds for public works. The Army Corps of Engineers, which employs 40,000 civilians, and the huge Bureau of Reclamation of the Department of the Interior engage in a madcap race for funds, often disregarding the national need or capacity to pay. For example, they surveyed plans for a dam at sites less than two miles apart, spent \$250,000 apiece per survey, and came up with cost estimates \$75 millions apart. There is legislation in Congress now, based on Hoover Commission recommendations, which would eliminate this wasteful competition and conserve money so needed for defense and other essential purposes. But, public support is needed to combat the "brazen and pernicious lobbying" of these powerful agencies.

Uncle Sam Foots Bill!

THE HOOVER COMMISSION DISCOVERED MANY SHOCKING EXAMPLES OF WASTE AND INEFFICIENCY IN THE VETERANS ADMINISTRATION, SUCH AS \$200 MILLIONS OF OVER-PAYMENTS TO MEN WHO HAD ALREADY LEFT SCHOOL.

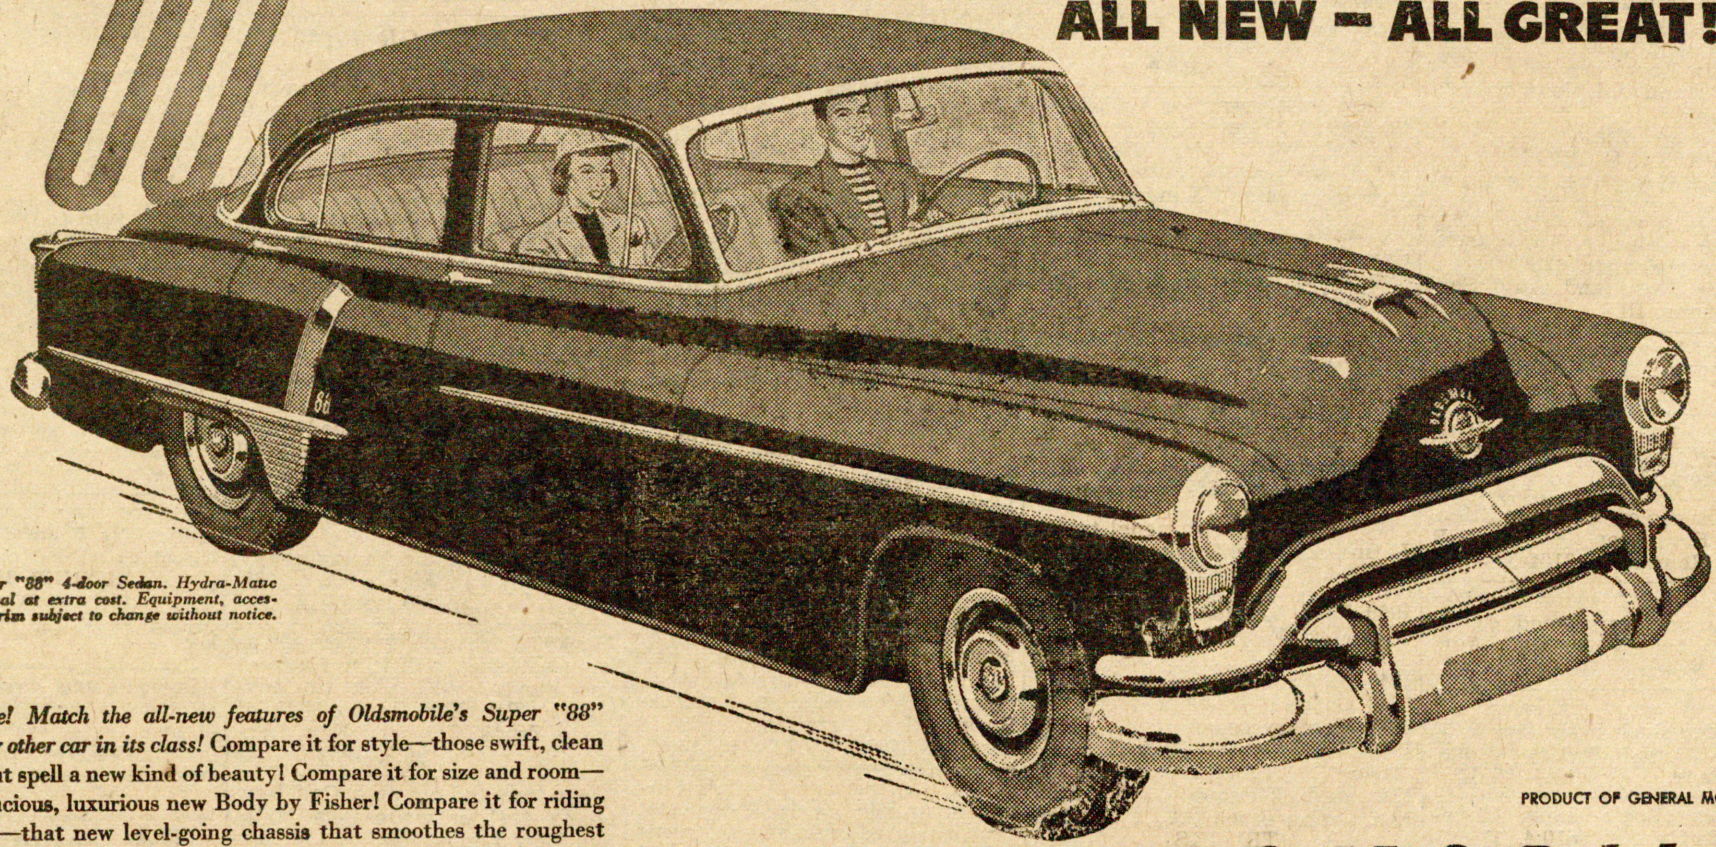

Already sagging badly, the Veterans Administration is ill-prepared for huge new workloads. The bi-partisan Hoover Commission—created by unanimous vote of Congress—and its research groups, largely composed of distinguished veterans, sought ways to improve, without curtailing, federal service to the veteran. They found: scrambled organization, top-heavy with executives; endless, pointless paperwork; inexcusable delays. Huge sums for "phony" educational projects... expansion of a 9-page law into 994 pages of regulations and instructions nobody could understand... 24 supervisors for 25 employees in one unit... 25 per cent of insurance policies improperly handled. These and other examples of waste and inefficiency in the VA can be eliminated without taking away any service to the veteran, if Congress passes bills already introduced which would adopt the Hoover Commission's recommendations for modern, streamlined and economical operating methods.

Wanted: Pioneers!

Lesson for October 7, 1951

IT IS on record that a Virginian in the 18th century wrote to his family that he was moving "to the far west," meaning the neighborhood of what is now Bull Run, Va., not far from Washington, D. C. Well, the "far west" moved and moved, till it reached the Pacific. Beyond that ocean is the Orient, crowded past belief. Where now can the pioneer go? For pioneering is always in the blood of man. Not in every one's, to be sure; there always are contented stay-behinds; but also there always are the restless souls, not content with what has been or is. How shall pioneering instincts have their way when all frontiers are closed?

Un-Traveling Pioneers

THE traveling pioneer has about had his day; what we now need is the un-traveling pioneer.

Such explorers are of various sorts. One is the mental pioneer, moving to new frontiers of the mind. These can be found breaking out new trails in various directions.

In science there are the men whose minds produced X-rays and plastics, the men and women who did the brainwork that lay behind the splitting of the atom; in government the men on the judge's bench, in lawyer's offices or in professors' chairs, who have been and are still thinking out the undiscovered meanings of democracy; in education the men and women who have pioneered in new ways of teaching, such as Dr. Laubach, great scholar and missionary, who has led the way in teaching the "silent billion" to read and write; these are all pioneers of the mind. God send us more!

Moral Pioneers

WE need also pioneers of the moral life. "Time," says a line in a poem by J. R. Lowell which has made its way into most hymnbooks, "makes ancient good uncouth."

For instance: once upon a time, practically all Christian people supposed that slavery was not only a good thing, but that God had commanded it for all time. Whitfield, a famous evangelist, said that what America needed for its development was more slaves imported from Africa, and more home-brewing of liquor. Today this sounds so ridiculous that it is hard to believe that a Christian could have said it.

Time has made ancient good uncouth. But time alone will not do this. There must always be some moral pioneer, some one who will run the risk of being called "bad" by going out in front of popular opinion.

Between Whitfield's time and ours there have been moral pioneers, notably a Quaker named John Woolman on whose mind and heart God laid the message: Slavery is a wrong.

Pioneers of God

WE need also spiritual pioneers, persons who will move forward to new discoveries of God. For most persons, God is still an "undiscovered country"; and no man can discover God for another, though he may testify to his own discoveries. So in the realm of the spirit each must be his own pioneer; and some men and women, even from sickbeds, unable to walk as far as the door, have made great discoveries of God.

The man who is honored as a saint by three religions—Christianity, Judaism and Mohammedanism—Abraham, is sometimes known for the wrong thing. He may be thought of as a traveling pioneer because he moved several hundred miles during his lifetime. But he was not a pioneer in the "old American" meaning of that word, for the Canaan to which he went was no unsettled wilderness but a well-populated civilized country, and he never owned the land he lived on.

Abraham's pioneering was in the realm of the spirit. We know from Joshua 24:2 that even Abraham's father was an idolater; Abraham moved out from the pagan religion of his father and his people, to the discovery of the One True God. No more important journey was ever taken.

The traveling of Abraham's feet was of little importance by comparison. It was the traveling of Abraham's spirit that has most blessed us all.

For first-hand, fresh news of the Palestine question, come to Calvary Baptist Sunday evening at 8.

Other films and slides will be shown as soon as they are processed.

The Senior Young People open their Fall program Thursday. The time is 7:30 and meetings will be held every Thursday. If you are interested in young people's activities, come and join this friendly, active, Christian group.

On Wednesdays at 8 p.m. the Family Fellowship hour is held to enable the family group to gather together for the midweek "refresher" in things spiritual, and to be reoriented in faith and given solace for the trials encountered. Your presence is welcome and invited.

It is planned to provide a rotating staff of qualified "watchers and changers" that parents may join in both the morning and evening service, free of the worry attendant to bringing a baby or small child to the service. More about this later.

FRANKFURT, Germany.—As we landed in Frankfurt and stepped off of our big TWA Constellation I viewed the beautiful scenery of the Rhineland and thought to myself, it's easy to say "It's a beautiful day in Frankfurt!" But if you look behind the smiles and into the hearts and minds of the German people you might wonder how deep that beauty goes.

I am sure we looked rather peculiar as we stepped off the ship with all of our cameras and recording equipment with which we intend to make a permanent recording of our visit to Europe. Even though we couldn't understand all of the conversations by our friends in Germany we could tell by the light in their eyes that they seemed happy we had come.

We shall be journeying out into the country soon to visit with the International Farm Youth Exchange boys and girls and I am sure they will be glad to see someone from home.

Oh, yes, I almost forgot to mention we tried some real German cooking and the food was fine!

After we become acquainted here we are looking forward with much pleasure to our visit in Finland, for we admire greatly these people who have so much courage to carry on to keep square with the world by paying their debts even though they are under the very heel of the oppressor.

Until next time, then, would it be fitting for me to say "auf wiedersehn"?

for Mrs. Willis and arrangements will be made to pick up whatever you have that can be used.

An invitation is extended to the stranger, the seeker of spiritual comfort, the seeker of Christian fellowship, and to those who have no church home to come in and join us in worship. Your presence is welcome, whether for a day or as a regular member.
